Roth, Special Master:

On February 16, 2017, Dominique Lewis (“petitioner”), as administratrix of the estate of Jacqueline Lewis, (“Ms. Lewis”), deceased, filed a petition for compensation on behalf of Ms. Lewis under the National Vaccine Injury Compensation Program.² Petitioner alleged that Ms. Lewis developed Guillain-Barré syndrome (“GBS”), chronic inflammatory demyelinating polyneuropathy (“CIDP”), paraparesis, hypoxic respiratory failure, ischemia, myocardial

Specifically, under Vaccine Rule 18(b), each party has fourteen days within which to request redaction “of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy.” Vaccine Rule 18(b). infarctions, pleural effusions, pericardial effusion, and congestive heart failure after receiving the influenza (“flu”) vaccine on October 16, 2015. Stipulation, filed March 18, 2019, at ¶¶ 1-4. Respondent denies that the aforementioned immunization caused petitioner’s injuries. Stipulation at ¶ 6.

Nevertheless, the parties have agreed to settle the case. On March 18, 2019, the parties filed a joint stipulation agreeing to settle this case and describing the settlement terms.

Respondent agrees to issue the following payments:

1. **A lump sum of \$180,000.00 in the form of a check payable to petitioner, Dominique Lewis, as administratrix of the estate of Jacqueline Lewis.** This amount represents compensation for all damages that would be available under § 300aa-15(a).
2. **A lump sum of \$12,158.69**, which represents reimbursement of a Commonwealth of Virginia Medicaid lien, in the form of a check payable jointly to petitioner and:

³ Pursuant to Vaccine Rule 11(a), entry of judgment can be expedited by each party filing a notice renouncing the right to seek review.

Petitioner further alleges that Ms. Lewis's death was the sequela of her alleged vaccine-related injuries.

5. Petitioner represents that there has been no prior award or settlement of a civil action for damages on behalf of Ms. Lewis as a result of her alleged vaccine-related injuries and/or her death.

6. Respondent denies that the flu vaccine administered on or about October 16, 2015, caused Ms. Lewis to suffer GBS, CIDP, paraparesis, hypoxic respiratory failure, ischemia, myocardial infarctions, pleural effusions, pericardial effusion, congestive heart failure, and/or any other injury, and denies that Ms. Lewis's death was a sequela of her alleged vaccine-related injuries.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payments:

- a. A lump sum of \$180,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a); and
- b. A lump sum of \$12,158.69, which amount represents reimbursement of a Commonwealth of Virginia Medicaid lien, in the form of a check payable jointly to petitioner and:

Department of Medical Assistance Services
Accounts Receivable Unit, TPLC, 8th Floor
600 E. Broad Street
Richmond, VA 23219
Attn: Abbie Cooke
Recovery Analyst
Case Identification No. 031-021400-010

Petitioner agrees to endorse this check to the Department of Medical Assistance Services.

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or by entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 of this Stipulation, and any amount awarded pursuant to paragraph 9 of this Stipulation, will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. Petitioner represents that she presently is, or within 90 days of the date of judgment will become, duly authorized to serve as the legal representative of Ms. Lewis's estate under the laws of the Commonwealth of Virginia. No payment pursuant to this Stipulation shall be made until petitioner provides the Secretary with documentation establishing her appointment as the legal representative of Ms. Lewis's estate. If petitioner is not authorized by a court of competent jurisdiction to serve as the legal representative of Ms. Lewis's estate at the time a payment pursuant to this Stipulation is to be made, any such payment shall be paid to the party or parties appointed by a court of competent jurisdiction to serve as the legal representative of the estate of Ms. Lewis upon submission of written documentation of such appointment to the Secretary.

13. In return for the payments described in paragraph 8, and any amount awarded pursuant to paragraph 9, petitioner, in her individual capacity, and as the legal representative of the estate of

Jacqueline Marie Lewis, on behalf of the estate and Ms. Lewis's heirs, executors, administrators, successors or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of Ms. Lewis resulting from, or alleged to have resulted from, the flu vaccine administered on or about October 16, 2015, as alleged in a petition for vaccine compensation filed on or about February 16, 2017, in the United States Court of Federal Claims as petition No. 17-224V.

14. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

15. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or to do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and that a change in the nature of compensation sought is not grounds to modify or revise this agreement.

16. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the flu vaccine caused Ms. Lewis's alleged GBS, CIDP, paraparesis, hypoxic respiratory failure, ischemia, myocardial infarctions, pleural effusions, pericardial effusion, congestive heart failure, any other injury, or her death.

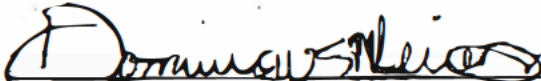

17. All rights and obligations of petitioner in her capacity as the legal representative of the estate of Jacqueline Marie Lewis shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns, as legal representatives of Ms. Lewis's estate.

END OF STIPULATION
